

## **Minutes of the Meeting of Sedbergh Parish Council Queens Garden Committee held in Queen's Garden on 5<sup>th</sup> March 2014 at 14.00.**

### **Present:**

Cllrs Thomson and Atkins

### **Apologies**

Apologies were received from Cllr Allan.

### **Review of management and improvements**

The meeting reviewed the current work being done to maintain the garden and to make small changes in line with the plan agreed by the Parish Council.

Agreed that the work planned was appropriate and would not impinge adversely on any proposal that might be included in any future Management and Conservation plan.

Concern was expressed over the deterioration of the gates at the North end of the garden. Agreed that restoration work should be afforded in early 2015 if such work could not be grant aided in 2014.

### **Parks for People**

The meeting was updated on the progress with an application to the Heritage Lottery Fund for a grant to restore the garden. The current position was that soundings were being taken with officers of the HLF to judge how best to reapply after rejection of the application for a 'start up' grant.

### **AOB**

There was no other business.

### **Date of Next meeting:**

Agreed as late winter 2014 – exact date and time to be agreed..
